# Schwiizer Wiehnachts-Versli

(Swiss Christmas verses)

New, contemplative and funny Christmas verses in Swiss German and delicate recipes for cooking.

Have you had enough of Sami, Niggi, Näggi and the desire for new verses for Santa Claus, the Christ Child and Co.?

In this book you will find many beautiful, funny and also cheeky verses around Christmas. Illustrated with sweet pictures, which will put you in the mood for the most beautiful time of the year.

## THE FAIRY TALE MAKERS

Search for a pirate treasure, travel to new worlds or chase away monsters.

You can experience all this and much more when you hold a book in your hands. We love books about everything and can't get enough of them. Because books are much more than letters and colours on paper. Books are adventures, experiences and feelings. In books you can find friends, like-minded people or evil villains against whom you can defend yourself. Every time you read a book, a spark of magic jumps over into our "real" life and enriches it.

As passionate graphic designers and owners of our own design agency, we not only care about stories, but also about the beauty, diversity and creativity of a book.

With the founding of our own publishing house in 2011, a great dream has come true for us. We love to invent new fantasy worlds and to design figures. We also want our stories to make you smile and invite you to immerse yourself in unknown worlds and simply give you pleasure.

All the best and have fun with KaleaBook

**FEARFUL BEE TOBI – HEROIC BRAVE**

A bee-strong adventure with 14 great scents to sniff and discover!

Rub the right-sided pages of the book and you'll get wonderful scents like honey, wild berries, coffee and chewing gum. In addition to the fragrances, there are also many useful tips on the subject of nature and the environment.

Tobi is the most fearful bee in the world and never, never, never wants to leave his safe home. But when his very best ant friend Eloy doesn't come back from a trip, Tobi worries a lot. The fear that he will never see his friend again is greater than the fear of going outside to look for Eloy.

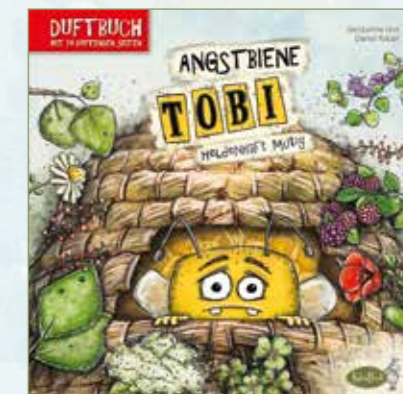

Overwhelmed by the many «strange things» and scents in the forest, he not only gains courage with every flap of his wings, but also new friends.

**FIPS DOESN'T WANT TO BE A TURTLE ANYMORE**

Everybody wants to be different. But then you often notice that you feel most comfortable in your own skin.

Fips is upset. Not because her name is Fips, although she is a girl. That can happen to anyone. She is angry because she is a turtle and always lies around. She would much rather jump around like a cuddly hare, be fast and agile like a fox or float through the air like a bird.

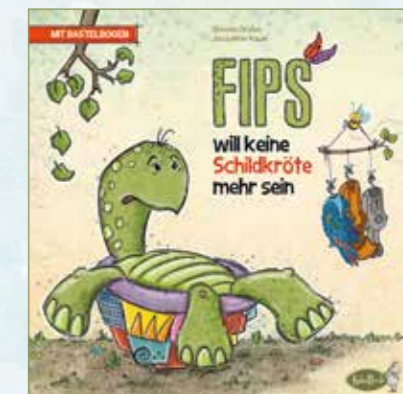

"I don't want to be me no more," says Fips and looks around. And suddenly she has a great opportunity to slip into another role. But will Fips really be happy?

**SAMUS PRIDE AND JOY**

I am different. So what? A book that encourages. For adults and children who feel excluded by their appearance.

Samu is the most beautiful hedgehog far and wide and his gorgeous, shining spines are his pride and joy. One morning, however, he finds a few thorns in his moss bed. And unfortunately it doesn't stop there. No, the spines fall out of his body in heaps.

Samu is sad and hiding. Who wants a hedgehog man without spines? But there is someone who sees the little hedgehog boy as he really is. Unique and beautiful.

**THE STORY BEHIND THE BOOK**

The loving story «Samus pride and joy» came into being when our son fell ill with Alopecia Areata Universalis (circular hair loss on the whole body) at the age of 4.

For us, our son is the most beautiful boy in the world and with this book we want to encourage you to stand by yourself as you are.

Namely unique and beautiful.
